

Dear students and families,

It is with great delight that I congratulate you on such a joyous occasion! This is not the end of the academic journey, but the beginning of a new stage in your lives. It is my hope that you carry the skills you have developed in the past years, to pave the way to greater success in college.

My sincere appreciation to Ali Zaker and Najneen Kabita, and all the volunteers who have devoted many hours working at Moder Patshala on behalf of the children and families from Bangladesh; your dedication and commitment is exemplary.

Cheers!
