

Moder Patshala – A Helping Hand

Hi, my name is Sayda Faiza Akhtar and I am telling you about Moder Patshala. Moder Patshala is a good place to do your homework in. The teachers help you a lot. Whenever you are stuck in your homework or something else Moder Patshala is the place to go. When I started going to Moder Patshala, my levels were at the right place. This is because in Moder Patshala the teachers are very helpful. They explain how things go. They

sometimes also give you strategies. They also check your homework to make sure you did it correctly. Moder Patshala helps in another way by having references like dictionaries, encyclopedias and the internet. Those are very helpful resources. I am thanking Zakir uncle and aunty and others who help Moder Patshala because every day I go to Moder Patshala my homework is done right and I come out thinking I had a fun and educational day. I feel that way every day I come out of Moder Patshala. So that's why I am thanking Moder Patshala. Now I have given out lots of reasons why other children should go to Moder Patshala like I said before. If it helps me if, of course, will help you and I have given out lots of reasons why Moder Patshala is a helping hand.
